

2022 Q1 Earnings Results

April 27, 2022 | Investor Relations

Disclaimer

At the time, the external auditor has not yet completed its review of LG Display's 1Q 2022 earnings report. The following is provided for the convenience of our investors and the contents herein are subject to change during the audit review process of the external auditor.

All information on the financial performance of the company presented herein was prepared on a consolidated basis in accordance with the International Financial Reporting Standards applicable in the Republic of Korea.

Please note that expectations and projections about future events included in this data reflect existing market conditions and LG Display's current management direction and may vary based on changes to the market environment or the company's strategic direction.

Pursuant to our early adoption of certain amendments to "K-IFRS No. 1016 Property, Plant and Equipment: Proceeds before Intended Use," we have retroactively restated our results of operations for the year ended December 31, 2020.

K-IFRS (Consolidated)

We add depreciation and amortization expense to operating income to calculate EBITDA.

It is a key financial measure used by our senior management to internally evaluate the performance of our business and for other required of discretionary purposes.

We believe that the presentation of EBITDA will enhance an investor's understanding of our operating performance as we believe it is commonly reported and widely used by analysts and investors in our industry.

It also provides useful information for comparison on a more comparable basis of our operating performance and those of our competitors, who follow different accounting policies.

EBITDA is not a measure defined by GAAP. Our calculation of EBITDA may not be consistent with other similarly titled measures reported by other companies.
